

Product Information:

Vetro Power Anti-Slip Protect For Marble

Vetro Power Anti-Slip Protect For Marble is a water-based, ready-to-use treatment designed to enhance surface grip on marble, travertine, and limestone surfaces without altering their original appearance.

Fields of Application

Marble surfaces, travertine, limestone, indoor and outdoor stone surfaces, wet areas, and high footfall zones.

Application

The product must be applied undiluted on a clean and completely dry surface. Remove all dust, dirt, and previous coatings such as wax or resin before application.

Apply an even and abundant layer across the surface ensuring full coverage. Leave the product for the required contact time based on preliminary testing.

After the treatment time, remove excess material and rinse thoroughly with clean water.

Important Notice

Due to variations in surface composition, hardness, and structure, results may vary. It is strongly recommended to perform a preliminary test on a small or hidden area to determine optimal contact time and effectiveness. Effectiveness depends on surface type and contact time.

Storage Temperature

Apply and store between +5°C to +40°C.

Safety

Use appropriate personal protective equipment such as gloves and safety goggles during application. Avoid contact with eyes and skin. Do not inhale spray or vapors.

Precautions

- Do not apply on wet or damp surfaces.
- Avoid application under direct sunlight.
- Do not apply on overheated surfaces.
- Ensure surface is free from previous coatings.
- Always test before full application.

Product Characteristics

- Water-based formulation
- Enhances surface grip without altering appearance
- Maintains original surface look
- Non-hazardous classification

Disclaimer

General Advice: Do not inhale atomised spray and the liquid product. Zyax Chem Pvt. Ltd. is not liable for damages resulting from improper application, contamination, or external environmental factors such as abrasion, chemicals, or weather conditions.

All information provided is based on current technical knowledge and serves as guidance only. Users must verify suitability based on specific surface conditions before application.

Warning advice: We recommend wearing suitable protective clothing. In case of contact with skin, immediately rinse off with water. Do not swallow. Avoid contact with eyes. In case of contact with the eye or mucosa, immediately rinse off with water. In the event of symptoms occurring, seek medical treatment. Keep out of reach of children.

General Advice: Do not inhale atomised spray and the liquid product. Zyax Chem Pvt. Ltd. is not liable for damages to the product, as a result of dirt entering the bottles and canisters, e.g. after opening the containers. Zyax Chem Pvt. Ltd. is also not liable for improper application of the product if the surfaces have been recoated for any reasons, without Zyax Chem Pvt. Ltd.'s prior written agreement, nor for any damage to or deterioration of the coating system arising from causes beyond the control of Zyax Chem Pvt. Ltd., including but not limited to impact, abrasion, mechanical damage, neglect, malicious damage, fire damage, pollution and abnormal weather conditions, neither for failure associated with exposure of the coatings to abrasive, chemical substances, abrasive scouring, hydrofluoric acid and highly alkaline chemicals such as bleach, potassium hydroxide and sodium hydroxide and/or if the coated surfaces have not been maintained in accordance with the supplier's recommended maintenance procedures. All information is based on today's state-of-the-art technology. As to the above-mentioned information, we do not lay a claim to completeness, these are only to be understood as possible examples for application areas. Due to a large number of surfaces and object conditions, the buyer/user is not relieved of the duty to professionally verify, in his own responsibility, that our materials are suitable for the intended purpose according to the respective object conditions. In all other respects, our general conditions of sale apply. If the new product information is issued the validity of the old version expires.
