

Vetro Power Anti-Fog Coating Spray

Vetro Power Anti-Fog Coating Spray is a ready-to-use solution to prevent fogging on transparent surfaces.

PRODUCT DESCRIPTION

Vetro Power Anti-Fog Coating Spray is a specially formulated solution designed to prevent fogging on transparent surfaces. It creates a hydrophilic coating that disperses moisture evenly, eliminating condensation and maintaining clarity. Suitable for both personal and industrial use.

APPLICATIONS

- Prescription glasses and sunglasses
- Safety goggles and face shields
- Helmets and motorcycle visors
- Camera lenses and binoculars
- Bathroom mirrors and car windows
- Scuba diving masks and ski goggles

KEY FEATURES

- Provides temporary fog resistance (8-24 hours typical)
- Safe for most optical coatings
- Easy to apply and quick drying
- Non-abrasive and residue-free
- Non-toxic and environmentally friendly

DIRECTION FOR USE

1. Clean the surface to remove dust, oil, and debris.
2. Shake the bottle well before use.
3. Spray a light mist onto the surface.
4. Gently spread with a microfiber cloth.
5. Allow to air dry or lightly buff until clear.

Reapply as needed for consistent anti-fog performance.

SAFETY INFORMATION

- For external use only
- Avoid contact with eyes
- Keep out of reach of children
- Store in a cool, dry place away from direct sun light
- Refer to SDS for complete safety details

Warning Advice: We recommend wearing suitable protective clothing. In case of contact with skin, immediately rinse off with water. Do not swallow. Avoid contact with eyes. In case of contact with the eye or mucosa, immediately rinse off with water. In the event of symptoms occurring, seek medical treatment. Keep out of reach of children!

General advice: Do not inhale atomised spray and the liquid product.

Zyax Chem LLP is not liable for damages to the product, as a result of dirt entering the bottles and canisters, e.g. after opening the containers. Zyax Chem LLP is also not liable for improper application of the product if the surfaces have been recoated for any reasons, without Zyax Chem LLP's prior written agreement, nor for any damage to or deterioration of the coating system arising from causes beyond the control of Zyax Chem LLP, including but not limited to impact, abrasion, mechanical damage, neglect, malicious damage, fire damage, pollution and abnormal weather conditions, neither for failure associated with exposure of the coatings to abrasive, chemical substances, abrasive scouring, hydrofluoric acid and highly alkaline chemicals such as bleach, potassium hydroxide and sodium hydroxide and/or if the coated surfaces have not been maintained in accordance with the supplier's recommended maintenance procedures. All information is based on today's state-of-the-art technology. As to the above-mentioned information, we do not lay a claim to completeness, these are only to be understood as possible examples for application areas. Due to a large number of surfaces and object conditions, the buyer/user is not relieved of the duty to professionally verify, in his own responsibility, that our materials are suitable for the intended purpose according to the respective object conditions. In all other respects, our general conditions of sale apply. If the new product information is issued the validity of the old version expires.
